

Manufacturer: MeadWestvaco Healthcare Packaging  
Model: Dosepak  
ASTM Type: XIII A

Description:

This is a semi-rigid blister reclosable package. This package consists of a fiberboard outer carton containing a blister card (Figure 1).

Figure 1

The front of the blister card covers each tablet with a clear semi-rigid plastic film and the back of the card is a paper and foil combination (Figure 2).

Figure 2

The package is opened by pressing a tab (indicated by the arrow in Figure 3A) on the front of the outer carton, holding it down, and pulling the two exposed portions of the blister card to the right (Figure 3B).

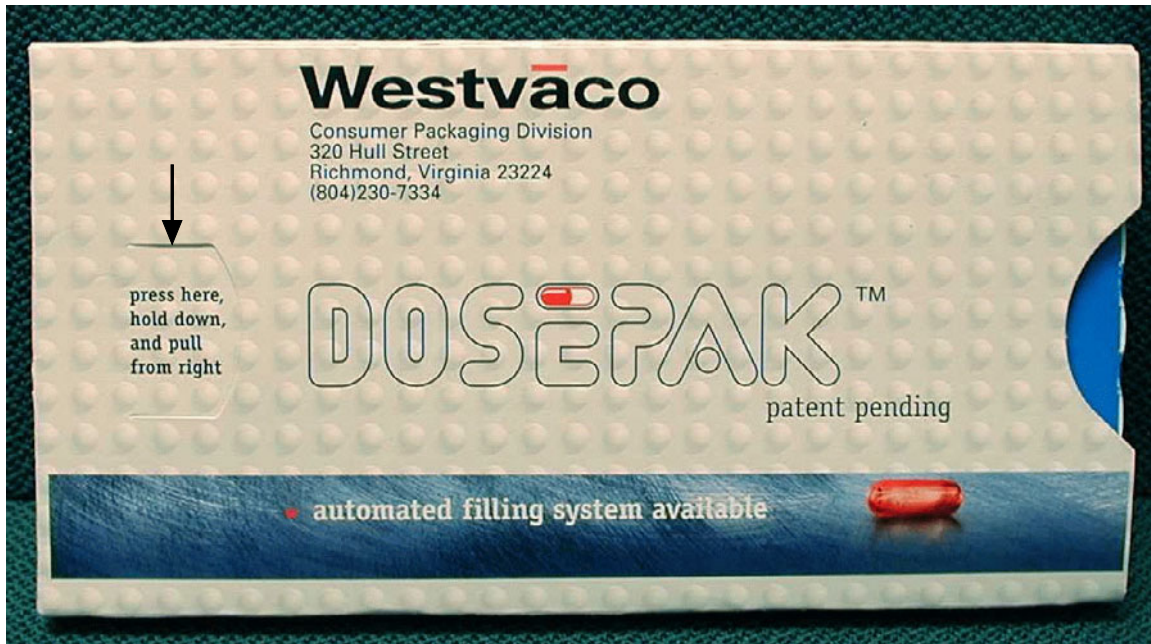

Figure 3A

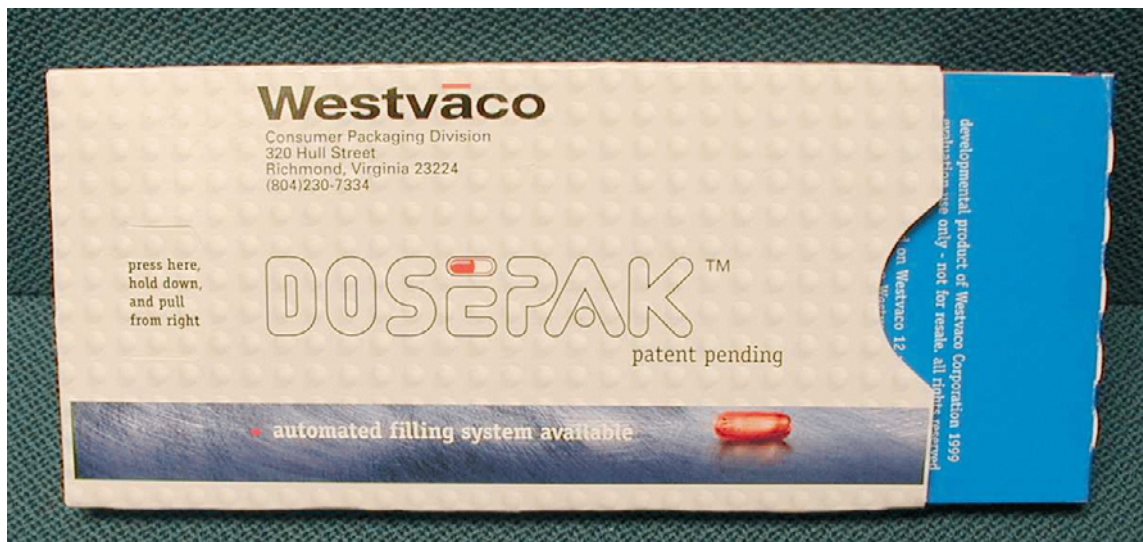

Figure 3B

Once the blister card is exposed, a tablet is pushed out, and the paper back is removed (Figure 2).

The manufacturer's instructions on the front of the outer carton are (Figure 3A):

press here,  
hold down,  
and pull  
from right

The manufacturer's instructions on the back of the blister card are (Figure 2):

to remove tablet push through and remove paper backing
